To—The Deputy Commissioners of Districts
The Excise Commissioner in Mysore for information.

No. 4004-12—Cir. 61, dated 2nd June 1892.

Order.—Government are often under the necessity of repairing tanks situated in Inam villages, owing to neglect on the part of the Inamdars to repair them and the consequent danger to the Government tanks lying below, and there are also tanks in which Government and the holders of Inam villages are jointly interested, the lands of Inam and Government villages being irrigated under the same tanks. In all such cases, the Government consider it necessary to make some definite arrangement in regard to the contributions payable by the holders of Inam villages for the repairs done by Government.

2. Before issuing any order on the subject, the Government wish to know the number of tanks so situated in each taluk and the revenue derived from the lands irrigated by them. The Deputy Commissioners of the several Districts are therefore requested to submit as early as possible a statement showing —

(*a*) The number of tanks in each taluk, under which lands in Government villages and Inam villages are jointly irrigated.

(*b*) The area, assessment and proportionate quit-rent of Inam and Government lands respectively irrigated under the above mentioned tanks.

(*c*) The number of tanks in Inam villages, below which there are any Government tanks depending upon the Inamdars' tanks for their water-supply.

(*d*) The area, assessment and proportionate quit-rent of Inam lands irrigated under the above mentioned tanks.

(*e*) And the area and assessment of lands under Government tanks below and above.

No. 4110-8—67, DATED BANGALORE, 5TH JUNE 1892.

ORDER.—The rules for granting advances for wells are intended to apply chiefly to wells to be excavated in dry lands, and not for wells in lands assessed as garden or wet rates. Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 7th June 1892.

No. 4868—75.

OFFICE OF THE DEWAN OF MYSORE,
DATED BANGALORE, 7TH JUNE 1892.

From

T. ANANDA ROW, Esq.,

Chief Secretary to the Dewan of Mysore, Bangalore.

To

The Deputy Commissioner, Tumkur District.

SIR,

In reply to your docket No. 499, dated the 30th November 1890, I am directed to forward a Commission issued under Section 99 of the Mysore Land Revenue Regulation conferring certain powers on Mr. Ramaswamaiengar, Jodidar of Hadavanhalli Village in the Kunigal Taluk.

2. I am to point out that the power to demand security for the payment of the Land Revenue, &c., described in clause (*a*) of Section 99 of the Land Revenue Code, has not been conferred, because it is one which may be exercised only in very extreme cases and which has not been conferred on any of the Deputy Commissioners of Districts. The power to fix the Khistbandi, described in clause (*c*) of the same section, has also not been conferred, because the Inamdar must adhere to the usual Khistbandi, or, if he deems a change necessary, specify the Khistbandi he would propose for the consideration and sanction of Government as reasonable.

3. I am to add that this is the first instance in which such powers have been conferred, and the Jodidar will, therefore, distinctly understand that great care and caution should be used in the exercise of them, and that he will be answerable for any abuse of them that may be permitted to occur. In cases of doubt, he will do well to refer the matter to you, or for orders of Government.

4. The proceedings of the Jodidar should be watched and any abuse brought to the notice of Government.

I have, &c.,

T. ANANDA ROW,
Chief Secretary.

1. Do Chikballapur Sub-Division Officer's No. 265, dated 4th April 1892.

Letter No. 222, dated 18th March 1892, from the Sub-Division Officer, Chikballapur, to the Deputy Commissioner, Kolar District.

I have the honor to report that in checking the Jamabandi accounts of Idagur and Marlur villages of the Goribidnur Taluk, I noticed an item of collection which does not seem to be authorized by the Survey Settlement or other existing law, but which is interesting as being the remnant of an archaic institution. The tax is called "Todaya." It is a trifling sum of Rs. 1—7—3 in the Marlur village and Rs. 3—12—7 in Idagur paid to Government by the Patnashetti or the common measurer of the village grain at the time of the harvest. His is the privileged office of measuring the grain of the raiyats in the village and for this he receives from each raiyat a small grain remuneration. This is nothing but right; but I am doubtful of the propriety of taxing this man. It is not Mohatarfa; neither does it come under any other authorized form of tax and it seems to me that this may be one of those Babs abolished by the Order No. 29 of the 11th September 1860; *Vide* item 4 under the head "Profession" in the table published at page 114 of the Mysore Revenue Manual, 1886.

Letter No. 3922—2457, dated 30th March 1892, from the Deputy Commissioner, Kolar District, to the Sub-Division Officer, Chikballapur.

His letter No. 222 of the 18th instant, recommending the abolition of "Todaya" levied in the Goribidnur Taluk.

With reference to the above, has the honor to request that he will be good enough to enquire and report under what circumstances the item in question was not abolished in 1860, and whether there is any correspondence on the subject.

Letter No. 265, dated 4th April 1892, from the Sub-Division Officer, Chikballapur, to the Deputy Commissioner, Kolar District.

His No. 3922—2459, dated the 30th March 1892, regarding Todaya Tax.

With reference to the above, has the honor to state that inquiry was made at the time of the Jamabandi on the points noted. The villages in which the tax is levied belonged to the Maddagiri Taluk of the Tumkur District and were added to Goribidnur in the re-organization of 1882. The tax was not abolished in 1860. In 1880, when Mr. Subba Rao was Deputy Commissioner in the Tumkur District, he questioned the village officials. The men who were paying the tax wished to continue to pay it as it amounted to a recognition of their right to measure the village grain. The tax was accordingly retained. These facts were ascertained from the village officials. Even now it is understood that the men are not willing that Government should abolish the tax. As it is not an authorized tax, the question is whether it shall continue to be collected. There is no record regarding this in the Goribidnur Taluk Cutcherry. If any further information is required, application will have to be made to the Tumkur District.

No. 4523-30—CIR. 72, DATED BANGALORE, 8TH JUNE 1892.

ORDER THEREON.—The tax alluded to is hereby abolished. It ought not to have been allowed to be levied.

No. 4733-40—Cir. 76, dated Bangalore, 13th June 1892.

Order.—The returns prescribed in the marginally noted dockets should comprise not only estates under Government management for arrears of revenue, but also estates under Government management for any other reason whatsoever.

No. 5639-44—164, dated 10th December 1888, to the Deputy Commissioners of other Districts, forwarding copy of the above.

2. A separate Annual Report should be submitted in future, within three months after the expiry of the year, giving a brief account *of each estate* under Government management, showing among other particulars, the reason why it is under Government management, its income and expenditure, the manner in which the surplus has been appropriated, the length of time it has been and may yet have to be under Government management. The report for 1891-92 ending 30th June 1892 should be submitted before 1st October 1892.

No. 4879-86—Cir. 80, dated Bangalore, 15th June 1892.

Order.—Cases have come under notice of Government in which the personal property of mortgagees of lands has been attached for arrears of revenue due on the lands held by them, notwithstanding that the lands are not registered in the Revenue Accounts in the names of the mortgagees, the Deputy Commissioners will be informed that such a procedure is irregular. The personal property of unregistered holders of land should in no case be attached and sold for arrears of revenue.

2. The lands in the possession of unregistered holders may be legally sold for arrears due by the registered holders, even though the persons in possession of the lands might have paid the assessment due on the lands held by them. For instance, if a Patta stands in the name A for Nos. 1, 2 and 3, the last number being in the enjoyment of an unregistered holder B, No. 3 may be sold for the arrears due by A, though B might have paid the assessment on the number he holds. But, as it is obviously inequitable to sell lands on which assessment has been really paid, Deputy Commissioners are requested not to sell lands in possession of unregistered holders until all the other lands and property in possession of the registered holder are first sold, unless the arrear due is caused by the default of the unregistered holder. Whether the lands to be sold are in the possession of the registered holder or not, and whether the arrear is due by the registered holder or by the unregistered holder, should, as far as possible, be ascertained by local enquiry. Shanbhogs ordinarily know by whom the lands are actually held, and by whose default the arrear has accrued, and there cannot be much difficulty in ascertaining the fact in each case.

Letter No. 2766, dated 3rd June 1892, from the Chief Engineer in Mysore, requesting that the exemption from taxation of carts brought by stone Waddars, especially from beyond the frontiers and employed exclusively on Public Works and not in the carriage of traffic, ordered in this Office docket No. 7493—204 of the 22nd December 1881, to the Deputy Commissioner of Kolar, may be extended to the other Districts which are similarly circumstanced.

READ AGAIN THE FOLLOWING :—

Docket No. 7493—204, dated 22nd December 1881, from the Secretary to the Dewan, to the Deputy Commissioner, Kolar District.

In forwarding the accompanying copy of Memorandum from the Superintending Engineer, the Deputy Commissioner is requested to exempt from taxation the carts brought by stone Waddars especially from beyond the frontiers and employed exclusively on Public Works and not in the carriage of traffic. If the men are agriculturists besides, their carts will under existing rules be of course exempted. Carts cannot be taxed in two places in the same year.

Taxing Waddar Bandies in the Kolar District.

I forward a docket (with correspondence) from the Executive Engineer, Kolar, bringing to notice that the Deputy Commissioner proposes to demand a tax from certain Waddars, who apparently belong to British Territory, but are temporarily employed under the Executive Engineer in repairing a tank in the Sidlaghatta Taluk.

II. Captain Kensington states that in nine cases out of ten, the primary employment these Waddars is agriculture, so that as they move from Taluk to Taluk the officials demand t tax more than once per annum, giving the Waddars much trouble in proving that they ha already paid it once. Again that the difficulty in getting stone Waddar labor is already ve great and that a tax of this kind will add to this difficulty and that so far as he knows this t was not levied during the whole time he was in Kolar.

III. I can answer for the difficulty in getting stone Waddar labor for work now, difficulty which seems to me to have increased since I came to the Province, owing to the having become extensive landed proprietors and taken to agriculture. In the interests of Publ Works, therefore, it seems to me undesirable that a tax should be levied on their carts whenev employed thereon.

No. 4998-5006—Cir. 82, dated Bangalore, 17th June 1892.

Order thereon.—The Government order referred to, dated 22nd Decen ber 1881, No. 7493—204, above printed is applicable to all Districts an Deputy Commissioners will be guided by them.

Docket from the Deputy Commissioner of the Kadur District, dated 16th June 1892 No. 126, stating that the entries made in the accompanying Demand, Collection and Balance statement for February 1892, relate to each Municipality and the amoun entered against the item "District Treasury" has been shown in the column of remarks against the several Municipalities to which it appertains and that the statement need no revision.

No. 5511-21—L. 676, dated Bangalore, 27th June 1892.

Order thereon.—The statement does not exhibit figures for the Municipality of Sringeri and no explanation is given for this omission. Government do not, however, insist upon the omission being supplied in this statement; but in the future ones, the names of all the Municipalities should be shown with entries against each Municipality of *all items creditable to it.* Government observe that Sections 12 and 17 of the Cattle Trespass Act do not necessitate crediting fines for cattle trespass and the sale proceeds of stray cattle at the District Treasury. A credit of the items referred to, to the various Municipalities in Taluk Treasuries would meet the requirements of the sections.

Letter No. 63, dated 17th June 1892, from the Deputy Commissioner, Tumkur District, stating, with reference to the remarks in para 154 of the notes of inspection by the Dewan, that one Papannaganda had been allowed in 1874 to build a dam across a small nalla flowing into the tank; that when subsequently the restoration of the tank was taken up, the question of removing the dam was considered but the course was deemed by the Executive Engineer to be unnecessary; that the Executive Engineer suggested certain improvements to the dam but the work was not carried out by Papannaganda and his son; and that it is a question now if the work could be done by the Government and the cost recovered as a Revenue demand under the orders conveyed in Proceedings No. 3786-95—101, dated 1st September 1887.

No. 5785—94, DATED BANGALORE, 30TH JUNE 1892.

ORDER THEREON.—The Government cannot compel the man to do the work proposed, nor can it levy the cost thereof from him as a Revenue demand. Papannagauda's katte is apparently a useful work. The proposed widening of kodi to 100 feet and raising the bund 4½ feet above kodi level were intended for the *safety* of the Government tank below which was restored after the katte had come into existence. As the katte was authorizedly in existence in its *present* condition when the Government tank was restored, the katte owner cannot justly be asked to incur expenditure to afford *additional* safety to the more recent work.

APPEAL NO. 76 OF 1891.

No. 5794-801—P. No. 18, DATED 26TH JUNE 1892.

Appellant ... Rameganda, Aduvalli, Yedahalli Sub-Taluk, Kadur District.

DECISION, DATED 23RD JUNE 1892.

In July 1888, Appellant gave a portion of his Patta land * (75 yards long and 75 yards broad) to Kasipataiya for building a house upon it and living there for 12 years on condition of paying its assessment.

* Survey No. 196, area, acres 4·8, assessment Rs. 1-8-0.

2. The Deputy Commissioner fined the Appellant ten times the assessment of the whole number, under Section 63 (3) of the Land Revenue Code.

3. The appeal is against this order.

4. Although the Deputy Commissioner is technically right in imposing the fine, the Government consider that the fine may be remitted and the possession of the parties left alone. The building of houses on Patta lands enhances their value, since the buildings together with the land can be sold for arrears of Revenue. The Deputy Commissioner will therefore be requested to remit the fine imposed in this case, and to levy no fines in similar cases of buildings in future. The attention of all Deputy Commissioners will be drawn to para 3, Rule XXIII of the Revenue Rules under which holders of Patta lands may be allowed to build houses on their lands free of all restriction.

Letter from the Chief Engineer, dated 8th December 1891, No. 5417, submitting the explanation called for in Government Proceedings dated 6th October 1891, as to the circumstances under which expenditure was incurred by the Public Works Department on certain works in the Tumkur and Mysore Districts during 1889-90.

Letter from the Deputy Commissioner, Tumkur District, dated 19th January 1892, No. 666, stating that the allowance paid to Dasara Representatives during 1889-90 was on account of the year 1888-89.

No. 3982-3—L. 487, DATED BANGALORE, 2ND JUNE 1892.

ORDER THEREON.—In para 18 of Government Proceedings dated 6th October 1891, No. 7645-66—622, the Chief Engineer was requested to explain how the following sums came to be expended without the knowledge and sanction of the District Boards concerned:—

	Rs.	A.	P.
(1) A road from Bellavi to 53rd mile stone on the Salem-Bellary Road in the Tumkur District.	644	9	2
(2) Improving and constructing bridges in the Hinkal Race Course Road in the Mysore District.	690	7	5

Proceedings of the Government of His Highness the Maharaja of Mysore, (Financial),—dated 2nd June 1892.

2 *Item* (1).—The Chief Engineer reports that an estimate for Rs. 4,305 was sanctioned for the road in the Public Works Department and countersigned by the then Deputy Commissioner Mr. Krishnamurti Rao and the provision made therefor in the District Fund Budget for 1886-87 was approved by the District Fund Board in their Meeting of the 11th November 1885. The Deputy Commissioner now admits that the work was done with the approval of the Local Fund Committee and regrets that the statement made in para 10 of his annual report for 1889-90 was due to an oversight.

3. *Item* (2).—With reference to the other work, the Chief Engineer's explanation is that Rs. 690, which was the excess expenditure over and above the sum sanctioned from Local Funds General, was ordered to be debited to District Funds, without reference to the District Board as it was too late to apply for an allotment from Local Funds General. The explanation will be accepted, but in future, no such transfer should be sanctioned without the approval of the District Fund Board.

4. In reply to an enquiry made in Para 29 of the Proceedings quoted above, the Deputy Commissioner of Tumkur explains that the travelling allowance paid to the Dasara Representatives in 1889-90, was on account of a period anterior to the date of the Government order discontinuing the allowance. The explanation is accepted.

No. 4249-52—L. 526, DATED BANGALORE, 7TH JUNE 1892.

ORDER THEREON.—The District Fund Board propose to spend Rs. 20,000 out of the sum of Rs. 20,050 provided in the current year's District Fund Budget on account of sanitary and other useful works to be executed by the Revenue Department on the works detailed in the accompanying list, of which an abstract is given in the margin.

The Government approve of the proposal with the following exceptions :—

(1). *Constructing a Vegetarian Kitchen at the Bungalow of Kaglihalli, Rs.* 500. —The Inspection Lodge at Kaglihalli was probably built and is being maintained at the cost of Provincial Funds. If so, the kitchen also should be built at its cost.

The Deputy Commissioner is requested to explain why he proposes to meet the cost from the District Funds.

(2). *Repairing the Pakasala or cook room of a Mantapam built at Ramgiri Hills for the use of pilgrims, Rs.* 150.—The cost of repairing the Mantapam intended for use of pilgrims resorting to Ramagiri Hills appears to be a proper charge on the Muzarayi Funds. The Muzarayi Superintendent will report whether he cannot undertake the work.

(3). *Repairing a tunnel over Kodihalla outside the Municipal limits of Vadigenhalli, Rs.* 600.—The tunnel to be built is stated to be outside the Municipal limits of Vadigenhalli and yet half the cost is proposed to be met from Municipal Funds. The ordinary receipts of the Municipality are barely equal to its ordinary expenditure and it is not explained how it could meet the cost. This must be explained. The work is one that ought to be carried out by the Public Works Department and not by the Revenue agency.

No. 4271-9—L. 530, DATED BANGALORE, 7TH JUNE 1892.

ORDER THEREON.—It is now explained that a sum of Rs. 4,122 was sanctioned during 1891-92 for the improvement of the Chikkere Honda in the Nyamti Municipality and due provision was made for the same in the Budget for that year; that before the expiration of the year work was executed to the extent of Rs. 3,298, of which only Rs. 990 were paid to the contractor and the balance lapsed owing to the non-receipt of the completion certificates in time. There being no provision in the Budget of 1892-93 to meet the balance of the cost of the work, the President proposes to increase the estimated opening balance on 1st April 1892 to the extent of the lapse at the end of March 1892, (*viz.*, Rs. 4,122—990) or Rs. 3,132, a corresponding provision being entered on the side of expenditure under the head "VIII. Letter from the Comptroller, dated 27th April 1892, No. 513, forwarding the audit report of the Bangalore City Municipality for the year 1890-91.

No. 5123-4—L. 633, DATED BANGALORE, 21ST JUNE 1892.

ORDER THEREON.—The clear and succint report of the Auditor Gopalaiengar above read shows several irregularities and shortcomings in the Municipal accounts:—vouchers not forthcoming in support of several items of expenditure (*vide* Statement No. 5 appended to the report); exceeding the Budget provisions in several cases without proper sanction (*vide* Statement No. 6); incurring expenditure without due provision in the Budget (*vide* Statement No. 7); the absence of a daily ledger of expenditure; the debiting of expenditure to inappropriate heads; taking receipts for disbursements exceeding Rs. 20 without the same being duly stamped (*vide* Statement No. 8); allowing white ants to feed upon the most important records in the Octroi office; unauthorized alterations in the scale of establishments sanctioned in the Budget (*vide* Statement No. 9). These irregularities are not creditable to the Municipal administration and Government hope that they will cease with the introduction of the audit recently sanctioned.

2. The inequalities in the proportion of dryage allowed in allowing the Octroi on tobacco require explanation and the President is requested to report whether a uniform rate cannot be fixed, the only variations allowed depending upon variations in the period of stoppage.

3. The delay and negligence allowed to occur in the matter of confirmin sales of the annual leases of lands, &c., results in loss to the Municipality and th sales should in future be confirmed before the commencement of the year fo which the lease is granted.

4. Statement No. 3 shows that there was great laxity in the matter o collecting the Municipal revenues, the balance uncollected being so much a Rs. 36,863—9—4 out of the total demand of Rs. 81,130—15—5.

5. Several of the suggestions made by the Auditor have been already pro vided for in Government Proceedings, dated 24th August 1891, No. 6227-39—L. 429, and the President's attention is drawn to the same.

6. The President is requested to enquire and report whether the severa disbursements shown in Statement No. 5, for which no vouchers have beer forthcoming, have been really made. He should also state whether the sum shown as "Receipts" under the items given in the above statement represen the full amount of the auction sales as ascertained from the records of the office

7. The charges incurred over and above the sanctioned Budget and without Budget provision shown in Statements Nos. 6 and 7 will be admitted excepting the item noted in the margin in regard to which explanation should be submitted as to why Rs. 250 were paid to the Auditor, while the amount sanctioned was only Rs. 200 according to the Proceedings enclosed in President's No. 116—C, dated 26th May 1890.

Auditor's allowance of Rs. 250.

8. Care should be taken in future that no sum above the Budget grant is spent without proper sanction. Transfers from one minor head to another may be sanctioned by the Board, but transfers from one Major head to another require the sanction of Government.

9. Temporary establishments for a period not exceeding 3 months in a year may be entertained with the sanction of the Board, provided there is provision in the Budget. But where they are required for longer periods, the sanction of Government must be obtained.

10. The obtaining of receipts by the Municipality without proper stamps being affixed is a more serious matter, both as regards Government revenue and as regards the legal liability of the Municipality in cases where the payees might repudiate the payments and moreover lays the Municipality open to a prosecution under the Stamp Act. The President should at once arrange to send for the parties concerned and obtain as far as possible properly stamped receipts in respect of the payments, which are incapable of legal proof by the existing unstamped receipts.

11. As regards Statement No. 9, the President is requested to fill up the explanation column of the statement with reference to the objections therein noted by the Auditor.

12. On receipt of the explanations above called for, Government will pass the necessary orders as regards the items not finally disposed of in this order.

READ:—

Letter No. 23 of the 11th April 1892, from the Inspector General of Registration in Mysore suggesting for approval, that during the temporary absence from Head-quarters of Taluk Sheristadars who are *ex-officio* Sub-Registrars, the officers who may be in charge of the Taluk Treasuries may also perform the work of Sub-Registrars.

No. 4316-24—CIR. 69, DATED BANGALORE, 7TH JUNE 1892.

ORDER THEREON.—The Treasury is too important a charge to be entrusted to Taluk Head Gumastas. Taluk Sheristadars should, as a rule, remain at Head-quarters in charge of Treasury work. When they are unavoidably sent out, the Amildar or other officer in charge of Treasury should attend to Registration work also.

Memorandum by the Amildar of the Hassan Taluk.

Para 12 of Chief Commissioner's Proceedings No. 3362-73—Ml. 161, dated 27th September 1879, goes to state that the "tax under the other items of Mohatarfa, *viz.*, shops, looms, oil-mills and carts, will be levied at such rates as are now or may hereafter be fixed for the Province in general, but no exemptions on account of caste or other grounds shall be allowed."

Again in para 2 of the late Chief Commissioner's Proceedings No. 5816-27—Ml. 286, dated 2nd February 1880, the following rules are laid down for guidance:—

"I. The house tax in Municipal Towns shall be levied on all houses without any exemption "of any kind whatsoever at the rates laid down in the Chief Commissioner's Proceedings No. 3362-"73—Ml. 161, dated 27th September 1879.

"II. The tax on shops shall also be ***separately*** and ***additionally*** levied without distinction at "the existing rates for the present. Any modification of these rates hereafter will depend upon "any general reclassification which may be considered necessary with reference to the descrip-

' tions of trades carried on and the incidence of the tax upon them ; but the *shop tax* and *house* ' *tax* are to be distinct items determined with reference to their respective circumstances and to ' have no connection with each other."

The blacksmiths in Hassan who have opportunities and who actually carry on very extensive trades especially during the hot weather, have been properly taxed for their profession in addition to house tax, according to the orders above quoted. These people were *omitted* to be charged hitherto and this can be no reason for their enjoying the immunity further. Of course, as the petitioners say, there may be cases of omissions of other professions, but when their cases come to the knowledge of the Jamabandi Officer, they will also be duly brought to book. Similar cases were brought to the notice of the Jamabandi Officer Mr. Purnaiya while the Amildar of the Hassan Taluk was in charge of the Holè-Narsipur Taluk—comparatively a small place with Hassan—in 1888 and the men were all taxed under the above order.

On assuming charge of the Hassan Taluk early last year, the Amildar of the Hassan Taluk found that though the petitioners have been driving a flourishing trade, had been omitted to be taxed and he therefore recommended during the last year's Jamabandi that the petitioners appeared to be fit subjects for taxation and this recommendation was upheld by the District Jamabandi Officer Mr. Gopalaiengar. In Municipalities, no profession is exempt from taxation.

No. 4605-12—L. 565, DATED BANGALORE, 11TH JUNE 1892.

ORDER THEREON.—The Amildar says that the blacksmiths "carry on extensive trade especially during the hot weather." If this fact is true and they have a place of business where they sell the articles they make, there is no objection to a shop tax being levied from them, but if they merely exercise their profession, and make articles for wages received, they are not liable to Mohatarfa. *Vide* Clause IV of the Rules in the Revenue Manual, page 176.

2. The Deputy Commissioner is requested to report whether the petitioners buy and sell things in their shops or simply exercise their profession for wages received.

Letter No. 1185, dated 16th May 1892, from the Deputy Commissioner, Tumkur District, reporting, with reference to the Proceedings of Government No. D. 346, dated 18th April 1892, in which a temporary Clerk on Rs. 20 per mensem was sanctioned for the establishment of Mr. Abdul Aziz, Extra Assistant Commissioner, that Mr. Abdul Aziz has taken a Clerk on Rs. 20 from the District Office for the purpose, and requesting that sanction be accorded to the entertainment of 2 Clerks on Rs. 10 each per mensem in the District Office in the place of the Clerk taken by Mr. Abdul Aziz.

No. D. 501, DATED CAMP MYSORE, 3RD JUNE 1892.

ORDER THEREON.—The temporary entertainment of 2 Clerks on Rs. 10 each per mensem in the Deputy Commissioner's Office, Tumkur, in lieu of the Clerk deputed for duty to the office of Mr. Abdul Aziz, Extra Assistant Commissioner, is sanctioned. This does not involve any cost beyond what was sanctioned in Proceedings No. D. 346, dated 18th April 1892.

The following report on the condition of the Tumkur District for the fortnight ending 15th May 1892, received with docket No. 1205, dated the 26th idem, from the Deputy Commissioner of Tumkur:—

I. HARVEST.—Jola in the Taluks of Sira and Koratagere and Vaisakha paddy under Gubbi tank in the Gubbi Taluk were harvested.

II. STANDING CROPS.—In fair condition.

III. FOOD GRAINS.—Markets throughout the District were well supplied, with the exception of those in parts of Turuvekere Sub-Taluk on account of cholera. Prices remain stationary generally.

IV. FODDER.—Insufficient, consequently the leaves of atti, ala, goni, arali and date trees are used as fodder. Green grass has not as yet come up. More rain is wanted.

V. WATER.—The rain that fell lately in the District lessened the water difficulty. The fresh water wells sunk at Government cost are of the greatest convenience to the people.

VI. DEMAND FOR LABOR.—Agricultural classes are busily engaged in tilling their fields. Generally Holayars and Madigars, Uppars and Muhammadans that have no fields attend the Relief Works. There has not been very great demand for labor.

VII. GENERAL CONDITION.—Cholera is subsiding. Fever and dysentery prevail in some parts of the Sira Taluk. The days are still warm.

READ ALSO:—

The following report of the General Assistant Commissioner, Tumkur, on the condition of the Maddagiri, Sira and Pavagada Taluks for the same period, received with the above:—

I. HARVEST.—Reaping of Vaisakha paddy has commenced.

II. STANDING CROPS.—Vaisakha paddy and sosi ragi have far advanced and are ready for the sickle.

III. CULTIVATION.—There has been some more rain during the fortnight. Raiyats have ploughed and sown their lands in many places.

IV. PRICES.—Have undergone no change. The market rates of rice varied from 7 to 8 seers a rupee and of ragi from 16 to 20 seers a rupee.

V. DRINKING WATER.—The difficulties are beginning to disappear for drinking water. Well works are in progress. Tanks contain some small supply of water. More rains are needed.

VI. CATTLE FODDER.—The price of straw has risen very high. The present rate is 20 times the rate which prevailed during the last official year. Green grass has not yet begun to grow as the rains were not sufficient.

VII. GENERAL CONDITION.—People are not yet in need of employment on Government Relief Works. The tank Relief Works are going on to the extent of labor available. The laborers of the Anantapur District alluded to in the last report are still working on the Relief tanks in the Sira Taluk.

The following report on the condition of the Mysore District for the fortnight ending the 15th May 1892, received with No. 217, dated 30th idem, from the Deputy Commissioner of Mysore :—

STATE OF CROPS.—STANDING CROPS.—Kar-paddy under tanks in Tirumakudlu-Narsipur and Lingambudhi tank in Mysore Taluk and in the French Rocks Sub-Division is in good condition. Sugar-cane, black, green and horse gram in the French Rocks Sub Division, under channels in Tirumakudlu-Narsipur and Mysore Taluks and in Gundalpete and Chamrajnagar Taluks are thriving well. Mungar crops are reported to be in good condition in all the Taluks of the District. It is also reported that these (Mungar crops) in Krishnarajpete and Malvalli Taluks require more rain.

Sowing of Mungar seeds still continues.

SUPPLY OF FOOD GRAIN.—There was a sufficient supply of grains in all the markets.

SUPPLY OF WATER.—No scarcity of water is felt anywhere, as most of the tanks and kattes have received a good supply of water.

It is reported that tanks in Mandya, Seringapatam, Nagamangala, Tirumakudlu-Narsipur, Nanjangud and Chamrajnagar Taluks have received water up to kodi level.

FODDER.—Available every where.

RISE AND FALL OF PRICES.—Prices slightly falling.

DEMAND FOR LABOR.—The raiyats have full occupation in their fields and do not care for other works. Relief Works stopped in the District proper.

GENERAL CONDITION.—The recent rains have improved prospects and a good season is hoped for. Cholera still continues in almost all the Taluks of the District.

Letter No. 1195, dated 23rd May 1892, from the Deputy Commissioner, Tumkur District, reporting for orders the objection made by the raiyats of the Sira Taluk to pay the Hulbanni for 1891-92, on the ground that there was no grass for their cattle in the present season of drought and that most of these died for want of fodder.

No. D. 505, DATED CAMP MYSORE, 4TH JUNE 1892.

ORDER THEREON.—That the pasturage failed throughout the greater part of the Sira Taluk during the past season may be admitted, but there is reason to fear that under the Hulbanni settlement under which the amount in one lump is distributed among the various raiyats, the share of each raiyat is very insignificant and has probably been paid already to the Patel or Shanbhog. Any remission of the tax would benefit the intermediary Patel or Shanbhog rather than the raiyat, and the clamour for remission of this item often proceeds from the former. The Deputy Commissioner will investigate the actual facts in the case of a few typical villages selected out of those the raiyats of which ask for the remission, and report whether, and if so, how, any remission if ordered now, could reach the raiyat. It should also be reported whether the Hulbanni for 1890-91, 1891-92 and 1892-93 is likely to be the same for most villages, or whether considerable variations are expected.

No. D. 506, DATED CAMP MYSORE, 4TH JUNE 1892.

ORDER THEREON.—It is noticed that there was a marked increase in the number of coolies on Relief Works in this District, while in the Districts of Bangalore, Tumkur and Chitaldroog, there was a falling off as shown below :—

	On the last day of the fortnight ending 15th May.	On the last day of the fortnight ending 30th April.
Kolar	2,228	1,748
Bangalore	479	1,247
Tumkur	1,216	1,540
Chitaldroog	890	1,029

2. In the Mulbagal Taluk where the increase was largest, there was no rain during the fortnight, but in the other Taluks excepting Malur, there was some rain-fall which in the Deputy Commissioner's opinion had somewhat improved the prospects of the season. The Deputy Commissioner stated in the same report that the number of coolies attending Relief Works showed a tendency to fall as laboring classes had found work on fields, but this expectation does not seem to have been realized.

3. The reason for this marked increase in the number of coolies on Relief Works notwithstanding the recent fall of rain should be explained.

Letter No. 584—136, dated the 9th May 1892, from the Deputy Commissioner, Kolar District, submitting for sanction the pay and batta bills of the temporary establishment working under Mr. M. G. Rama Rao, Forest Probationer on Special duty, for the month of April 1892.

No. **D**. 509, DATED CAMP MYSORE, 5TH JUNE 1892.

ORDER THEREON.—The bills relate to 1 Munshi on Rs. 25, 1 Laskar on Rs. 7, and 2 Peons at Rs. 7 and 6 respectively who constitute the establishment sanctioned for the Extra Assistant Commissioner, Kolar District, but who notwithstanding that the Extra Assistant Commissioner did not join his office were

entertained by the Deputy Commissioner and deputed to work under Mr. Rama Rao pending orders upon a recommendation made for a similar establishment for Mr. Rama Rao. One Clerk on Rs. 15 was alone sanctioned for Mr. Rama Rao in Proceedings No. D. 318, dated 16th April 1892, but the Deputy Commissioner in his letter No. 378—78, dated the 22nd idem, repeated his recommendation for the larger establishment, and in the meantime allowed the establishment sanctioned for the Extra Assistant Commissioner to continue to work under Mr. Rama Rao. It is hoped the establishment has been transferred to the Office of the Extra Assistant Commissioner upon Mr. Hema Hanumantaiya taking charge of that office.

2. The entertainment of the establishment in the circumstances referred to above, before Mr. Hema Hanumantaiya assumed charge of the Office of Extra Assistant Commissioner, Kolar District, is sanctioned, and the bills are transmitted to the Comptroller for disposal in due course.

READ :—

The following report on the condition of the Chitaldroog District for the fortnight ending the 31st May 1892, received with docket No. 803—758, dated the 4th June 1892 :—

The rain-fall in the several taluks of the District during the fortnight under report has been less than in the preceding fortnight. Raiyats, however, are busily engaged in ploughing and sowing and are in expectation of getting more rain soon. In the Molkalmuru Taluk, ploughing operations are backward owing to scanty rain-fall.

2. The rain-fall gauged at the several Taluk Head-quarters of the District during the fortnight was as follows :—

Taluks.	Inches.	Cents.
Chitaldroog...	0	28
Challakere	0	80
Hiriyur	0	75
Holalkere	0	36
Davangere	0	70
Jagalur	0	50
Hosdurga	0	20
Molkalmuru	...	...

3. STATE OF THE CROPS.—The standing crops under kapile wells and streams are in fair condition throughout the District. The harvest of Vaisakha paddy below tank is nearly over. The out-turn was about 8 annas in the rupee in the Chitaldroog Taluk, 4 to 8 annas in the Jagalur Taluk, 4 annas in the Hiriyur, Challakere and Molkalmuru Taluks. Mungar cholam, castor seed, yellu (sesamum), black gram and green gram have been sown in parts of all the taluks except Molkalmuru.

4. SUPPLY OF FOOD GRAINS.—The supply of food grains is generally sufficient in all the taluks of the District. Ragi and cholam were exported to various places in British Territory from the taluks of Chitaldroog, Holalkere and Davangere.

5. PRICES.—There has been no marked change in prices during the fortnight under report. The market prices of the different food grains at the Taluk Head-quarters of the District for the present and past fortnights are given below :—

Taluks.	Present fortnight. Seers per rupee.			Past fortnight. Seers per rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
italdroog	8¼	23	18¼	8½	24	18

olkalmuru	7½	16	15	7¼	17	15
osdurga	8	28	24	9	24	22

The markets were generally well supplied.

6. SUPPLY OF FODDER.—Sufficient in the taluks of Chitaldroog and Holalkere, moderate in the Davangere Taluk and very scanty in the taluks of Jagalur, Hiriyur, Challakere and Molkalmuru.

7. SUPPLY OF WATER.—Generally sufficient in all the taluks.

8. DEMAND FOR LABOR.—The demand for labor is on the decrease. In the fortnight under report, the number of coolies employed on Relief Works was much smaller than the number employed in the previous fortnight. The progress on Irrigation Wells and Saguvali kattes has been somewhat slow owing to difficulty of procuring labor.

9. RELIEF TO WEAVERS.—During the fortnight under report, cloths to the value of Rs. 11,000 —7—2 were purchased from the Weavers at Molkalmuru.

10. GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District is good. Cholera is decreasing in the Taluks of Davangere and Jagalur. Cattle, however, are in the same condition as before.

No. D. 527, dated Camp Mysore, 12th June 1892.

Order thereon.—It is noted with satisfaction that coolies on nearly 60 per cent of the Relief Works in the District left these works to attend to agricultural operations. At the close of the fortnight, there were no coolies on any of the works in the Hiriyur and Davangere Taluks and there were but 20 on a single work in the Jagalur Taluk, while in the other three taluks of the District the numbers show a perceptible tendency to decrease.

2. The Deputy Commissioner will report upon a careful consideration of the circumstances of each taluk, in which of the taluks Relief operations may now be closed. It is not meant that works in hand should be left unfinished. Such of them as are situated in tracts where Relief Works are still required will continue to be executed as Relief Works; but those situated in tracts where Relief operations are no longer necessary and Relief coolies are in consequence not available, ought to be removed from the list of Relief Works under progress. They may be executed as ordinary Revenue Department works, proper arrangements being made for their completion.

No. **D**. 532, DATED CAMP MYSORE, 16TH JUNE 1892.

ORDER THEREON.—The statement gives the names of 7 villages in the Malvalli and Mandya Taluks where Relief Works were opened, and mentions a few square miles (2 to 9) round each as the tracts affected. There were no coolies on five of the works on the last day of the fortnight, and on the other two there were but 24 and 40 coolies. The Sub-Division Officer has added the explanation that the few works referred to were started in particular localities of the two Taluks, where the laboring classes required the means of earning wages, that meanwhile copious rains having fallen the classes which required relief at once betook to their usual pursuits, and that "all anxiety of scarcity or famine had come to an end."

2. It is clear from the explanation that no part of the Sub-Division can now be said to be affected, and that the Sub-Division, like the District proper, may be removed from the list of affected tracts. Such of the works as remain unfinished may be executed as ordinary Revenue Department works.

AD ALSO :—

The following report of the Officer in charge of the Chikballapur Sub-Division on the dition of the Sub-Division for the same period received with the above :—

RAIN-FALL.—During the fortnight slight showers of rain fell in the Chikballapur and Goribidnur Taluks. The fall in the southern parts of the Gudibanda Range, was pretty heavy, some tanks having received 8 to 15 days' supply of water. The Someswar large tank received 2 months' supply. No rain reported in the Bagepalli Taluk during the fortnight.

2. AGRICULTURAL OPERATIONS.—Raiyats are busily engaged in ploughing and manuring their dry fields.

3. STANDING CROPS.—Vaisakha paddy and jola and sugar-cane under Talpargis and wells are flourishing, having considerably benefited by the recent rain-fall.

4. CATTLE.—Cattle are still suffering from deficient fodder supply. Leaves of trees are being used to supplement the limited stock of jola and ragi straw available. The water supply for cattle has improved in the Chikballapur and Goribidnur Taluks and in the Gudibanda Range and but slightly in the Bagepalli Taluk.

5. DRINKING WATER.—Drinking water for men is now available everywhere.

6. MARKET AND PRICES.—The markets continue to be well supplied. Prices have somewhat fallen, ragi selling at 20 seers, second sort rice at 8 seers. and jola at 12 to 16 seers. per rupee.

7. PUBLIC HEALTH.—The change of weather has brought with it fever and ague in some parts. Small-pox prevails in a few places. The public health is generally good in the Sub-Division.

8. RELIEF WORKS.—The attendance on Relief Works is somewhat slack owing to agricultural operations. The number employed on the last day of the fortnight was 243 on Relief tank works and 20 on the collection of Tangadi bark.

9. GENERAL PROSPECTS.—Improving.

The following report on the condition of the Chitaldroog District for the fortnight ending the 15th June 1892, received with docket Camp No. 93, dated the 19th idem, from the Deputy Commissioner of Chitaldroog:—

During the fortnight under report there was a fairly good fall of rain in all the Taluks of the District except Molakalmuru and parts of Chellakere where agricultural operations were consequently not so brisk as elsewhere. Some of the tanks in the District have received supplies of water varying from 1 to 3 months. The quantity of rain gauged at the Head-quarters of the several Taluks in the District was as follows:—

Taluk.	Inches	Cents.
Chitaldroog	1	96
Chellakere	0	73
Holalkere	1	50
Davangere	3	15
Hiriyur	1	25
Jagalur	1	65
Molakalmuru	0	20
Hosdurga	1	0

2. The wet crops under kapile wells and streams as well as the Mungar dry crops lately sown are in good condition throughout the District. Sowings of Mungar crops consisting of cholam, castor seed, yellu, togari, black gram and green gram are going on in all the Taluks of the District. Ragi has not been sown anywhere as yet.

3. STATE OF CROPS.—The only crop which was harvested during the fortnight under report was Vaisakha paddy in the Taluks of Chitaldroog, Chellakere, Molakalmuru and Jagalur, the out-turn being estimated at from 4 to 8 annas in the rupee.

4. SUPPLY OF FOOD GRAINS.—The supply of food grains is sufficient in all the Taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Chitaldroog, Holalkere, Davangere and Jagalur.

5. PRICES.—There has been no marked change in prices during the fortnight under report. The market prices of the different food grains at the Taluk Head-quarters for the present and past fortnights are given below :—

Taluk.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.

jalur	8	21	19	7½	21	18
lakalmuru	7¾	16	15	7½	16	15
sdurga	9	26	23	8	28	24

6 SUPPLY OF FODDER AND WATER.—The supply of water both for men and cattle is generally sufficient in all the Taluks of the District, while the supply of fodder in the Taluks of Hiriyur, Chellakere, Molakalmuru and parts of Jagalur is very scanty. The rain which has fallen has not yet produced enough grass to provide good grazing for the cattle, although it is sufficient for sheep and goats.

7. DEMAND FOR LABOR.—The demand for labor is decreasing day by day. As reported in the previous fortnight works connected with Irrigation wells and Sagavali kattes for which large sums of money have been advanced to raiyats by Government are making very slow progress owing to the difficulty of procuring labor. Details regarding the number of laborers employed on Relief Works during the fortnight under report are given in the fortnightly report prescribed by Government.

8. GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District is good. Cholera is subsiding in the Taluks of Davangere and Jagalur, but there has been no improvement as yet in the condition of the cattle.

Letter No. 41, dated 11th instant, from the Deputy Commissioner, Tumkur District, submitting a statement of the area, &c., of tracts affected in his District.

No. D. 537, DATED BANGALORE, 23RD JUNE 1892.

ORDER THEREON.—Though there was a slight increase in the number of coolies on some of the works in the Pavagada and Kunigal Taluks and the Koratagere and Turuvekere Sub-Taluks, yet it is satisfactory to note that during the fortnight in question there was no attendance of coolies on 61 out of the 120 works in the District as against 48 in the previous fortnight, and that the Deputy Commissioner was able to exclude from the area of tracts affected, the Taluks of Pavagada, Maddagiri (save the Koratagere Sub-Taluk) and Tiptur (save the Turuvekere Sub-Taluk) and the Huliyar Sub-Taluk.

2. There was a gradual falling off in the number of coolies in the Chiknayakanhalli Taluk as shown in the margin. As there was no attendance whatever on any of the 7 works in the Taluk during the last fortnight and the Taluk appears to have had the average rain-fall, this taluk may, for the present, also be removed from the list of affected tracts, unless in the opinion of the Deputy Commissioner there are special grounds for regarding it as still affected. Such grounds, if any, should be reported.

3. SUPPLY OF WATER.—Good in all parts. Well works sanctioned from District Funds are in progress. The tanks and kattes have received a fair supply of water.
4. FODDER FOR CATTLE.—The supply of grass in the Malnad is good, but it is still scanty in the Maidan Taluks. Some of the cattle in the Kadur Taluk are being fed upon date leaves.

No. D. 538, DATED BANGALORE, 23RD JUNE 1892.

ORDER THEREON.—The Deputy Commissioner states in this report that the supply of fodder is still scanty in the Maidan Taluks and that some of the cattle in the Kadur Taluk are being fed upon date leaves, but in his letter No. 90, dated the 2nd instant, to the Inspector General of Forests, he stated that pasture was fairly plentiful throughout the District and asked that the concession granted by the Government be withdrawn. It is to be regretted that in his reference to the Inspector General of Forests, the Deputy Commissioner made no reservation in the case of the Maidan Taluks. Government Forests and Plantations will again be made available for pasture of raiyats' cattle until further orders for the Maidan Taluks of Kadur.

No. D. 547, DATED BANGALORE, 27TH JUNE 1892.

The following report on the condition of the Tumkur District for the fortnight ending 15th June 1892, received with letter No. 82, dated the 23rd idem, from the Deputy Commissioner of Tumkur :—

I. HARVEST.—Jola and paddy were harvested in some parts.
II. STANDING CROPS.—Are in fair condition.
III. FOOD GRAINS.—Markets are well supplied. Prices remain stationery.
IV. FODDER.—Scarcity of fodder is still experienced. Date and other kind of leaves are given to cattle as fodder. Fresh grass is sprouting in many parts of the District but as yet not sufficiently abundant and tall for cattle to graze.
V. WATER.—Water difficulty has been much alleviated by the recent showers. Fresh water wells excavated at Government cost are found to be very useful.
VI. DEMAND FOR WORK.—Raiyats are engaged in ploughing and sowing their fields. They do not much seek for work on Relief Works.
VII. GENERAL CONDITION.—Good.

READ ALSO :—

The following report of the General Assistant Commissioner, Tumkur District, on the condition of the Taluks of Maddagiri, Sira and Pavagada for the same period received with the above :—

I. HARVEST.—Harvest of Vaisakha crop has almost been completed.
II. STANDING CROPS.—These are young crops of Mungar cholam, castor, harka and ballar grown recently. Cholam has been grown by raiyats to a very considerable extent with the expectation of realizing at an early date fodder for their cattle.
III. CULTIVATION.—Excepting in Pavagada, there has been Mungar rain in almost all parts of Maddagiri and Sira Taluks. Ploughing and sowing operations are vigorously going on. More rain is still needed. In the Pavagada Taluk, rains were scanty.
IV. PRICES.—There has been no material change during the fortnight. Rice sold from 7½ to 10 seers a rupee and ragi from 18 to 20 seers a rupee.
V. DRINKING WATER.—In consequence of the Mungar rains, and the completion of many wells scarcity of water is not felt.
VI. FODDER.—Pavagada Taluk is worse than others in this respect; straw is procurable with great difficulty. Only ploughing and kapile bullocks are fed by raiyats with their limited stock of ragi and cholam straw, other cattle are dying away for want of fodder. In the Maddagiri and Sira Taluks circumstances are better. Grass has begun to sprout in these two Taluks. By the cultivation of tank beds on a large scale in the Maddagiri Taluk, many raiyats have been able to realize a good supply of cholam straw. Some of them sold a portion of their straw to Madaksira people for prices as high as 10 rupees a cart-load.
VII. GENERAL CONDITION.—People are generally happy. There is no demand for employment on Government Relief Works.

ORDER THEREON.—One new work (Vir Chendraiyana katte) is shown as having been started in the Gundlupet Taluk during the fortnight in question; but if it is the same as the one of that name shown in the return for the fortnight ending the 30th April 1892, it is not a new work and the aggregate amount shown in the return under review as having been spent on the work is incorrect. The discrepancy should be explained.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

JUNE 1892.

1	4392-4—P. 42.	2nd	The Deputy Commissioner of the Chitaldroog District and the Inspector General of Police.	READ:— Record received with docket No. 564—5 dated 1st March 1892, from the Deputy Co missioner, Chitaldroog District. *Order thereon.*—The papers read abc relate to the dismissal of Police Jama Balaji Rao from the Police Force of the Ja lur Taluk in Chitaldroog District under or of the Deputy Commissioner Mr. Venkatava daiengar, confirmed in appeal by the Inspec General of Police. Balaji Rao has appealed Government to set aside the order of dismis 2. In March 1890, the Police Assist Commissioner received a petition purporting be signed by several Constables of the Jaga Taluk in which it was complained— 1st. that the Police Station House Wri Bhimasenappa, with the connivance of t Jamadar Balaji Rao, withheld part of pay d to three of the complainants as bribes to t Jamadar for official favor shown in cancelli or getting the Amildar to cancel transfer the Police Constables concerned from one s tion to another; 2nd. that the Police Constables were quired to do personal service to the Jamad and to the Station House Writer, such as c ting firewood and grass and driving carriage 3. The Police Assistant Commissior directed the Amildar to hold a personal enqui and report the result. The Amildar J. Srinir Rao held an enquiry and submitted a repo detailing the evidence which had been adduc and gave it as his opinion that the eviden as to the charges of extortion by the Writ with the Jamadar's connivance, was not su as warranted the institution of criminal pr ceedings against the Jamadar or his Writ and that it was matter for consideration h

				far such service as may have been rendered by Constables in plain clothes to Jamadar, in driving the latter's carriage, &c., may be regarded as reprehensible. 4. Upon this report, the Deputy Commissioner directed the dismissal of Balaji Rao and Bhimasenappa, evidently accepting as trustworthy the statements made in the course of the Amildar's enquiry by the Constables who had petitioned the Police Assistant Commissioner. 5. After a careful perusal of the records of the case, the Government consider that the evidence against the Jamadar and Bhimasenappa is not quite convincing, though it raises a strong suspicion against them. 6. The petition of complaint was prepared apparently in consort with Constable Shamanna and the Dafadar Syed Ali in the latter's house, though they had no grievance of their own. Dafadar Syed Ali, who endorsed the petition of complaint to the effect that all the facts stated in the petition were true, denied all personal knowledge when examined. If the evidence of the complainants who support each other and of Shamanna who assisted in drawing up the complaint petition be left out of consideration, there is hardly any evidence on which the Jamadar and Bhimasenappa could be convicted of charges brought against them. The statement of Syed Gause thathis pay was taken by Bhimasenappa on account of a favor done to his brother, who himself had refused to pay the bribe because no favor was in reality done to him, is extremely incredible. 7. As the evidence of the Constables is not corroborated by the testimony of independent and disinterested witnesses, the Government are, taking the long service of the Appellants into consideration, disposed to give both the Jamadar Balaji Rao and Writer Bhimasenappa the benefit of the doubt, and to direct their restoration to office with condonation of the break in the service caused by their dismissal.

2	5740—P. 98.	27th	The Deputy Commissioner of the Bangalore District.	Appeal No. 32 of 1891-92. *Appellant.* *Vs.* *Respondent.* Basavaiya, Patel of Harohalli, Kankanhalli Taluk. — Urle Oblaiya. Petitioner was removed from office in March 1891, because he fell into arrears, lost all lands, and became a pauper, and the appointment was conferred on Respondent, a stranger, from whom the arrears were collected. 2. At the hearing, the Appellant stated that his nephews, brother and daughter's son have no lands in the village, but promises to pay the arrears due, and also interest at 12 per cent per annum to the man newly appointed on the sum paid by him, and acquire lands assessed at Rs. 50 within 6 months from this date. *Decision.*—If he fulfils these conditions within the time promised, the Deputy Commissioner is requested to restore him to the office.
3	5741—P. 103.	Do	The Deputy Commissioner of the Tumkur District.	Appeal No. 159 of 1891-92. *Appellant.* *Vs.* *Respondent.* Timmappa Gauda of Chikkagollahalli, Tumkur Taluk. — Tirumalegauda. In the Register of 1875-76, it is remarked that the father of the Respondent, who was Patel, died, leaving 2 sons—one named Hanumanta who was a stammerer, and the Respondent who was then a minor—and that, therefore, the Appellant, who was cousin, might look after the business, till the Respondent attained his majority. This remark is entered as a recommendation of the Assistant Commissioner Mr. Woodcock, and no other order is forthcoming in the records. Appellant, however, performed the duties of the office, but in July 1891, on the application of the Respondent who attained his majority, he was ordered to take charge of the office. 2. The Appellant contends that he was appointed to the office in his own right and produces, in support, copy of a register without

				date, in which it is stated that "the late Patel's son was rejected by Mr. Woodcock as unfit and this man (Appellant) put in by him, 1875." 3. *Decision.*—The register produced by the Appellant does not conflict with the claim of the Respondent. It distinctly alludes to the recommendation of Mr. Woodcock which says that Appellant was appointed to do duties only till the Respondent attained majority. The decision of the Deputy Commissioner is correct and is confirmed. 4. Appeal is dismissed.
4	5742—P. 104.	27th	The Deputy Commissioner of the Tumkur District.	Appeal No. 2183 of 15th December 1890. *Appellant.* *Vs.* *Respondent.* Kempalingegauda of Mavinahalli, Gubbi Taluk, Tumkur District. 1. Narayanasami Chetti. 2. Kempalinga Naik. On 9th July 1889, one Kempalinga Naik, the 2nd Respondent, presented a darkhast for * Nos. 2 and 3. The lands were advertised for sale on 25th August 1889, and actually sold in public auction on the same date when the Appellant purchased them for Rs. 42 and 23½, respectively. On the date of sale, however, the 2nd Respondent withdrew his application for No. 2 and said the 1st Respondent might have it. The 1st Respondent agreed to take it. The Amildar made a remark in the auction list that the sale of Nos. 2 and 3 should be cancelled, as there was but one application for those lands. Nevertheless, Nos. 2 and 3 were included in the statement of lands sold and the sale was confirmed by the Deputy Commissioner on 24th October 1889. On a subsequent reference, the Deputy Commissioner ordered, on 15th January 1890, that Nos. 2 and 3 should be expunged from the list of lands sold. No. 2 was made over to the 1st Respondent and No. 3 to the 2nd Respondent. The Petitioner appealed to the Deputy Commissioner who refused, on 15th September 1890, to cancel the order already issued. Petitioner appeals against this order. Acres. *No. 2 ... 2·25 No. 3 .. 2 4·25

				Decision.—The sale of Nos. 2 and 3 having been cancelled before the "Haraz" Patti was signed by the persons who bid at the auction, of whom Appellant was one, Appellant has no right to claim them and the appeal is dismissed.
5	5744—P. 32.	27th	The Deputy Commissioner of the Shimoga District.	Appeal No. 118 of 1891-92. *Appellants.* *Vs.* *Respondents.* 1. Dodda Timmappa, cousin of the 2nd Appellant. 2. Sanna Timmappa. 3. Chikkappa, brother of the 2nd Appellant. 4. Timmanna, nephew of the 1st Appellant. 5. Sanna Hanumappa, brother of the 4th Appellant. Represented by Mr. Advocate Ramaswami Iyer. 1. Timmappa. 2. Timmaiya, son of 1st Respondent. 3. Hanumappa, brother of 2nd Respondent. 4. Chikkappa, brother of 2nd Respondent. 5. Sanna Timmappa, brother's son of 1st Respondent. 6. Karegaudappa, brother of the 5th Respondent. Represented by Mr. K. T. Narasimmaiengar. The father of the 2nd Appellant was the Patel of the village. He relinquished the office in or about 1842. The Amildar recommended the appointment to be given to Sanna Timmappa, the late brother of the 1st Respondent who was the uncle's son of the man who resigned. No orders were apparently passed, but Sanna Timmappa continued to do duties till 1864, when, at his request, the appointment was given to the 1st Respondent. His son, 2nd Respondent, was appointed in 1882 at the 1st Respondent's request and he continued to do duties. The Appellants, who are sons, brothers and nephews of the man who held the office in 1842, claimed the office in 1890 and the Deputy Commissioner dismissed the suit as barred by the Law of Limitation. 2. The contention of the Appellants is that though the Respondents have held the office, they have all along enjoyed the 'Miras' and Inam, and that the case is not therefore barred.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				3. The 1st Respondent admits that the 1st Appellant occasionally did duties during his tenure of office but denies having paid any 'miras.' The Appellants, however, continue to enjoy their share of the Inam. There is no satisfactory evidence of the payment of 'miras' to Appellants. *Decision.*—The Government agree with the Deputy Commissioner that, as against the 2nd Respondent, who now holds the office, the claim of the Appellants is barred by the Law of Limitation, and confirm the decision appealed against. There is, however, nothing to prevent Appellants putting forward their claims to the office when a vaccancy occurs.
6	5802—P. 79.	27th	The Deputy Commissioner of the Hassan District.	READ:— Petition No. 736, dated 29th May 1886, from Siddegauda of Hosakere, Manjarabad Taluk. 2. Deputy Commissioner's letter No. 1102—209, dated 23rd July 1886, submitting report on the above. 3. Nos. 516 and 37, dated 14th February and 24th April 1891, respectively from ditto, requesting orders on the above report. *Order thereon.*—Ramammi was the last khatedar of the lands bearing Survey Nos. 7, 19, 42, 31, 37, 38 and 39 of the Devihalli village. She died in 1882-83. Her husband's brother Viregauda had mortgaged the last four Survey Nos. to Shanbhog Venkatramaiya. He sold his right to Siddegauda (Petitioner) in 1881. The lands mortgaged are in the possession of Siddegauda. The khate, which still continued to remain in Petitioner's name, showed, at the close of 1884-85, a balance of Rs. 137 besides Bandh charges, &c. The demand notices issued in the name of the deceased had been served on the mortgagee (Petitioner). A similar notice was finally served on him on 25th July 1885. The Petitioner pleaded that he had paid the arrears of the lands held by him under mortgage, though he had not obtained formal receipts. Taking into account the demand and collection on account of the mortgaged lands, a balance of Rs. 63 was found still due by the mortgagee. In 1885, the Amildar submitted the case to the

				Sub-Division Officer Mr. Ananda Row who held that all the lands comprised within the holding were liable for the arrears due and that the mortgagee could not secure his interest unless he paid the whole balance against the khate. This order was communicated to Petitioner. He failed to pay up the arrears. All the lands were attached and sold on 18th January 1886. The Petitioner's son purchased the mortgaged lands as well as Survey No. 19 for Rs. 7-12-0. There were no bids for the other 2 Nos. The Deputy Commissioner in confirming the sale directed that the sale proceeds should be credited towards the balance due on account of the two Nos. for which there were no bids, that the mortgagee (Petitioner) should be held answerable for the payment of Rs. 63 being the Kandayam (with notice fees, &c.,) of the lands in his enjoyment, and that if he failed to pay the amount within the time given, his other property should be proceeded against. The Petitioner refused to pay the arrears and the Amildar attached his movable property. The Petitioner (mortgagee) appealed to this office praying that the sale of his lands may be set aside and that his personal property may not be held liable for the arrears. There is no reason for cancelling the sale, as the lands are answerable for the arrears due thereon, but the Deputy Commissioner was wrong in having attached Petitioner's personal property for the balance due. Petitioners not being registered holders are not liable to pay the arrears and their property must be released from attachment.
7	5762—P. 109.	29th	The Deputy Commissioner of the Tumkur District.	Appeal No. 63 of 1891. *Appellant.* *Vs.* *Respondent.* Timmadasa Gauda, represented by Mr. L. Srinivasaiengar, Advocate. — Lingegauda, represented by Mr. K Narasimmiengar Advocate. The Register of 1865 shows that Respondent's father Latchmegauda was holding the office of Patel together with another sharer Timmadasegauda, uncle of the Appellant. In 1870, Appellant's uncle transferred his appointment to Appellant's father and this was

			sanctioned by the Deputy Superintendent. In the Pakka Potagi Settlement of 1880, Appellant's father was appointed as Patel. He died in 1885 and Appellant was appointed in his place. Respondent claimed the office in 1885. No notice was taken of it. In November 1890, he brought the present suit for the office and the Assistant Commissioner decreed that he should hold the office for 5 years, as the Appellant's family who had equal right had already held the office for 10 years. The Appellant appealed to the Deputy Commissioner, but the appeal was dismissed on the ground that it was not preferred within the prescribed time. The present appeal is against this order. 2. Appellant was a minor and his duties were hitherto performed by a Gumasta. He has just passed his minority and entered upon his duties. *Decision.*—No satisfactory reason is assigned for the Appellant not having brought the appeal before the Deputy Commissioner in time, but even admitting the appeal, as the rules on the subject are not well known, the Appellant has no just cause of complaint. Respondent's father was a Patel and did his duties till 1880, and died in 1881, and there is no reason why his son should not get the office. Respondent claimed the office immediately after the death of Appellant's father, and he brought the suit within the time allowed by Law. The Assistant Commissioner was therefore right in having decreed in favor of the Respondent, but he was wrong in having limited the appointment to the Respondent for 5 years. As there is however no appeal, on that point, the appeal will be simply dismissed.
5760—P. 102.	29th	The Deputy Commissioner of the Bangalore District.	Appeal No. 35 of 1891. *Appellant.* *Vs.* *Respondent.* Virappaji of Ganalu, Kankanhalli Taluk. — Channappaji. Appellant's brother Nandaraj Ars last held the office of Shanbhog and he resigned it in 1879, when Respondent—a relation—was appointed. In 1881, Appellant claimed the office and he was told to wait till a vacancy occurred. He brought the suit in November 1890 and the Deputy Commissioner dismissed it, on the

				ground that the Dewan ordered him to wait til a vacancy occurred. 2. *Decision.*—The dismissal of the suit was wrong. An order issued on a Miscellaneous Petition cannot be a bar to the hearing of a regular suit. 3. The Deputy Commissioner will be requested to take it back on his file and dispose of it on its merits.
9	5761—P. 82.	29th	The Deputy Commissioner of the Kolar District.	Appeal No. 17 of 1891. *Appellant.* *Vs.* *Respondent.* Narasimaiya of Bangalore, represented by Mr. Bhima Rao, Advocate. — Sinappa. Appellant was Shanbhog. He absented himself without leave and was suspended on that account in 1879 and Respondent's brother —a stranger—was appointed to act. In 1882 Respondent succeeded his brother. In 1880, Appellant stated that he could not appoint any one as Gumasta, and that he would be satisfied if he were allowed to enjoy Inam lands. The Deputy Commissioner did not consent to allow him to enjoy service lands. In 1883, the Deputy Commissioner again enquired whether Appellant would nominate a Gumasta. Appellant deposed that he would appoint a Gumasta, if he was allowed to have charge of the accounts. Respondent declined to give over charge. In 1885, Appellant was again asked to nominate a Gumasta within one month. But he did not do so. In 1890, Appellant requested that his appointment might be given to Srinivasa Rao, his sister's son, and the then Deputy Commissioner granted the request in July 1890, but this order was set aside by the present Deputy Commissioner with the permission of Government and Respondent continues in possession. 2. The Government consider that Appellant having long failed to make arrangements for the discharge of the duties of the office, is not entitled to much consideration. Even now he is unable to take up the duties of his office and wants only to appoint a Gumasta.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				3. *Decision.*—Under these circumstance the Government do not think it proper to tur out the man who has been satisfactorily doin duties for 9 years. The Appellant will be re gistered as Shanbhog and the Respondent a his Gumasta. When the Respondent dies, or i otherwise disqualified to hold the office, th Appellant may be allowed to nominate a suit able Gumasta.
10	5763—P. 139.	29th	The Deputy Commissioner of the Mysore District.	Appeal No. 27 of 1891. *Appellant* ... Ramachandraiya of Tagadu Nanjangud Taluk, repre sented by Mr. L. Srini vasaiengar, Advocate. Certain lands standing in the name of on Seshagiraiya in Kerehalli were sold for arrear of revenue on 25th February 1888, and wer purchased by one Venkatanarnappa. Appel lant who had purchased the lands in a Civi Court auction in 1880 states that he did no pay the arrears because the patta was not issue in his name as requested by him and tha the sale was irregular, and requests that eithe the sale may be cancelled or the assessmen (Rs. 98-1-7) recovered from him on accoun of this very land in December 1890 be refund ed to him. 2. The records show that nearly 1 months after the land was sold, a notice wa issued to the Appellant that if he did not pa the arrear due on the land for 1885-86 to 188 -89, not only his personal property would b attached and sold but that he would stand i the danger of losing his appointment of Shan bhog in another village. On this notice, Ap pellant paid Rs. 98-1-7 on 12th February 1891 3. *Decision.*—This collection of the arrea from the Appellant who was not a registere holder of the land, after the land was sold fo arrears, was irregular and therefore the Gov ernment direct that the sum collected fron him be refunded to him. The sale of the lan for the arrears due, which was legal, cannot b cancelled.

11	5764—P. 78.	29th	The Deputy Commissioner of the Hassan District.	**Appeal No. 142 of 1891–92.** *Appellant.* *Vs.* *Respondents.* Rangegauda, represented by Messrs. Raghavachar and Narasimhachar, Advocates. — 1. Nanjegauda, 2. Iregauda (Brothers), represented by Messrs. Narayan Rao and Subbanna, Advocates. 1st Respondent who was Patel of Hurgulvali having said that he did not want the office and requested the appointment to be given to Hutchegauda, the father of the Appellant, Appellant's father who was 1st Respondent's uncle's son was appointed to the post in 1880. He (Hutchegauda) died in October 1889. In August 1891, the Deputy Commissioner gave the appointment to the 2nd Respondent Iregauda. The appeal is against this order. 2. The Appellant's contention is that his father having once held the office, it ought not to go to the 2nd Respondent. The contention is untenable. Respondent is at least as good a hakdar as the Appellant and the Deputy Commissioner's decision is fair and equitable and is therefore confirmed. Appellant's claim may be considered when a vacancy occurs again.

				fine, the Government consider that the fine may be remitted and the possession of the parties left alone. The building of houses on patta lands enhances their value, since the buildings together with the land can be sold for arrears of revenue. The Deputy Commissioner will therefore be requested to remit the fine imposed in this case, and to levy no fines in similar cases of buildings in future. The attention of all Deputy Commissioners will be drawn to para 3 Rule XXIII of the Revenue Rules under which holders of patta lands may be allowed to build houses on their lands free of all restriction.
